## DECIDING JUDGE

### FULL PANEL

Presiding judge	<b>Edger Brinkman</b>
Judge-rapporteur	<b>Margot Kokke</b>
Legally qualified judge	<b>Petri Rinkinen</b>

LANGUAGE OF PROCEEDINGS: English

### Subject-matter of the proceedings:

Infringement proceedings and counter claims for revocation

### POINTS AT ISSUE AND GROUNDS

1. Hand Held and Scandit request withdrawal of their respective claims (with applications App\_12934/2025 for the infringement claim and App\_12962/2025 for the counter claim for revocation) pursuant to R.265.1 RoP because they have reached a settlement. They request the court to declare the proceedings closed.
2. In both actions the other party has been heard. All parties consent to the withdrawal. Cost decisions are not requested.
3. The applications are admissible as there is no final decision in the actions. They shall be granted. The registry shall be instructed to register the closure of both actions in the register.
4. By separate applications in both actions (App\_13867/2025 from Hand Held in the infringement claim and App\_13151/2025 from Scandit in the counter claim for revocation) the parties request reimbursement of court fees pursuant to R.370.9 (b) (i) RoP.
5. These applications are admissible as well. As the written procedure is still ongoing (only a statement of defence was filed in the main action, and only the claim in the counterclaim proceedings), these applications are also granted and the registry is instructed to reimburse 60% of the court fees. To the extent that this is necessary, the value of the actions is set at three million euro (as indicated by the parties).
6. This order is uploaded in the workflows of the applications mentioned above in 1. and 4. to close these four workflows.
